<p>Discussion regarding decline in membership;        Option of advertising on Google- Tanya- too expensive not worth it.        Option of changing FB page from a “group” to a “page” to increase viewing of posts. - look into further.        Paid advertising on FB needs a credit card which club cannot do due to two signatory rule. Tanya look into if other payment options.        Any paid FB posts require more longer content ride review to be written.</p>	<p>Tanya has followed up and a credit card is needed to action this which the club does not have access to. Decided not to pursue this further.</p> <p>Tanya: changing from a Group to a Page means more reach (outside the people that know us) but less engagement. Better engagement is the aim. Suggestions to improve engagement are: more consistent posting, more responding/commenting on each other’s posts, and using the @everyone tag when posting important updates/events to see if this notifies more people.</p>
<p>Discussion on Tuesday rides;        Trialled for 2 months so far, and have 6 new riders over different dates. Not deemed successful yet, but Hannah will continue trial with aim to create a new members group attending frequently.</p>	<p>No further action at this point. Suggested when ride leaders organise a ride to outline the tracks and ride length so members new to riding can assess their fitness and skill level against the intended ride.</p>
<p>Tanya reports that Brendan, who used to coach at CAP has offered to do coaching sessions</p>	<p>Tanya following up with another coach who has indicated their availability.</p>
